## **DETAILED ACTION**

Claims 6 and 20-23 are pending in this application.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 6 and 20-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reasons apply:

1. In claim 6, the chemical structure depicted as formula (II) is incorrect. There is a nitrogen atom in the formula that exceeds the permissible valency for that atom (i.e., 3 for nitrogen), see the shared ring nitrogen which has four bond attachments. The specification page 2, lines 35-40 discloses a correct structure, replacing with the correct structure is suggested.
2. Claim 20 recites the limitation "R<sup>2</sup> represents a phenyl having four substituents L<sup>1</sup>, L<sup>2</sup>, L<sup>3</sup> and L<sup>4</sup>" in lines 1-5. There is insufficient antecedent basis for this limitation in claim 6 on which claim 20 is dependent. Claim 6 recites that 'R<sup>2</sup> represents phenyl which is substituted by one to three R<sup>a</sup> groups'.

### ***Allowable Subject Matter***

Claims 6 and 20-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Information Disclosure Statement***

The information disclosure statement filed July 9, 2003 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each publication or that portion which caused it to be listed; and all other information including the publication date. Page 2 of the IDS does not have the publication dates and a copy of each of the publication was not found in the file. The record of the parent application does not indicate that the documents were considered during the prosecution of the parent application, see the first page of US 6,632,821. Only page 1 of the IDS has been considered and page 2 has been placed in the application file, but the information referred to therein has not been considered.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deepak Rao whose telephone number is (571) 272-0672. The examiner can normally be reached on Tuesday-Friday from 6:30am to 5:00pm.
